

VERIFONE MOBILE EMPOWER YOUR MOBILE PAYMENTS, WALLETS AND APPS

SIMPLE, FAST AND CONVENIENT

Verifone's mobile payment solutions empower you to create, deliver and manage secure payments in a mobile environment. Whether you want to implement responsive payments for mobile devices, integrated in-app payments, tokenisation for mobile wallets or use an MPOS, we have all the tools you need to simplify the transaction process. With Verifone your mobile payments and online services deliver the fastest, easiest and most secure buying experience possible.

ALL YOU NEED TO CREATE & ACCEPT SECURE MOBILE PAYMENTS

- Pay by App toolkit and software to enable fast and secure payments within mobile apps
- Payment and service gateways to manage transactions from mobile, online and physical channels
- Responsive, hosted payment pages optimised for mobile environments
- Contactless payment devices that allow retailers to accept all types of transactions including NFC, mobile wallets and value-added services
- Complete MPOS solutions from wireless EPOS to devices that transform smart phones and tablets into secure sales points
- Value-added service platforms that allow rapid deployment of highly-personalised, loyalty building services
- Management and reporting tools giving a 360 degree view for real-time analysis and insight

SOLUTIONS

- Pay by App toolkit
